

♥ Love ♥ Restored — Blueprint For The Journey Home

Ahh! The world-mind mistaken! Compulsive denial, the belief others are to blame, is the root of dissociation, the universal excuse for a Loveless life and the cause of thought disorders that block awareness and obliterate natural Joy! These, and **Fear's fraud**, the myth of fleeting Love, heal where **Truth, Love and Compassion enter!** THE TRUTH IS, OUR ESSENCE, LOVE CREATED, though relinquished, IS ETERNAL!

Taste the Nature of a Newborn. Notice the Newborn is not "Loving" you, but IS Love. Seek ye first! Clearly, the Essence, Love, of Self and Others can be touched... But not contained... Cherished, but never captured nor imprisoned to fulfill the dream of what could never be! Lost identity, Love, will NEVER be gained from, nor possessed through "Him," "Her" or "Them!"

The trauma of separation from Love, Self, initiates and drives the infantile desire to possess, control, rage, threaten and punish, should "pretended love," approval, be perceived as removed... Just observe a child of two! Foolish to think a surrogate can repair vanished Self awareness or restore Human Life, virtues and the sensibilities buried beneath the noise of generations of pain, self-inflicted disordered thoughts and unforgiven suffering.

"Self," Love, confined in the cage of demand, distress endured and held breath... Fades! Drowned out by the swirling cries of a thousand generations of errant thoughts... Whispers! Seized and bound by unfulfilled yearning, Love only *seems* to be smothered: Dead! In Forgiveness, by collapsing pained perception, once again, **actual Love, Compassion and Joy floods awareness!** No longer trapped in the mental constructs of pain and inadequacy, the abyss of fear and darkness is dispelled!

Immersed, I commence the journey back to the luscious sweetness of MY "SELF," LOVE! What seemed lost was never absent! The Still, Small Voice of Love — He who has ears, let him hear! Has but been obscured through perception degraded by internally generated fear and/or hostility! It is among us still, sleeping under a blanket of distraction, poor nutrition and unfulfilled desires: It... I will Live again, not in longing's fulfillment — but in release — *in being freed from my mind!*

The chains of desire bind but goals loosed soften into Pure Being that thrives again in freed breath... Love, not an action, but a state of BEING I can Trust, IS THE ESSENCE OF WHO I AM! My deepest Nature is to Live and flourish in the Bliss of Being — no reasons nor possessions needed! Physiology, designed for My incarnation, now embodies the ONLY true experience of Love! Relationship's purpose? To restore Me to My birthright of Enthusiasm and Living in Love's ecstasy... **All else is born of generational delusions which are the cause of all dis-ease, lack and suffering!**

Concealed, but never changed by the thousand disturbances, trances and traumas of the world... I, the offspring of Love, live Shiny and New! The promise of Life More Abundantly is fulfilled! I was birthed in awareness of My existence as Love... When I truly Forgive life's overlays... I am freed from my mind's false, graven image of self! **Mercy and Healing enter and, awakened to the Truth of Who I AM, I live as Love Itself ♥ and fulfill the ancient call to reunite as I extend to ALL the world... I rise AGAIN each day... ♥ TRUTH expressed! ♥ LIGHT restored! ♥ LOVE revealed!**
