

A GIFT IS FOR-GIVING

When forgiving you never cancel truth, only shadow laid over the truth. Our present reality (output of our mind) will forever influence our future “actuality” until we learn to forgive. We can only change our future to the extent that we exercise choice and receive our “PRESENT” (gift). Therefore, our present is a gift for our future. As long as the ego rules our perception, we will never experience the true “PRESENT” as the present will always be an effect of our past. We must reach the point where we can change our present in order to effect change in our future. The power to do this is called choice, the tool is forgiveness. You cannot change your future if your present is negative, and you will not forgive the vibration from your past that has created the present which prevents you from receiving the “PRESENT”.
